

# LAWNDRY LINES

*Spring is here!!!!*

If you need your shrubs trimmed and landscape beds mulched we can **make it EASY.**

We will take care of that for you. Email us a request by clicking on the button and we will come out and give you a price for anything that you need done.

## GOT STUBBORN WEEDS IN YOUR LAWN???

We can get rid of those pesky weeds EASY!! We have a GREAT lawn fertilization and weed control program that will clean your lawn right up. Its an EASY six step program and you will be surprised at how affordable this service is.

*Learn about*

TREES & SHRUBS

**LEAF MINERS ARE  
CHOMPING AWAY  
AT ALL BOXWOODS  
RIGHT NOW!!**

If you look at the leaves and they appear "blistered" chances are you have leaf miners. Pull a leaf off, break it into and you will see a little green worm eating the cells of the leaf. We can treat for those and take care of them EASY.

*Friendly reminder: Plant on May 1st*

Just because the weather is warm don't get in a hurry and plant your flowers or gardens too soon. April 15th is the absolute earliest to plant BUT a safer bet is May 1st. so don't get in a hurry.

As always we love referral so please spread the word about our wonderful, terrific, awesome, fantastic company!!!!

*Happy Spring Y'all. Call us and we'll come running!*
